MENTORSHIP EXPERIENCE

AI Mentor | GIAIC (Governor's Initiative for AI and Computing)
Current

- Guide students preparing for the PCAO-F examination and help clarify technical concepts.
- Support learners in developing conceptual understanding and independent problem-solving skills.

TECHNICAL LEARNING & ACHIEVEMENTS

GIAIC — AI and Computing Education | 2024–Present | Quarter 4

- Selected among 50,000 qualified students from more than 5 million applicants, based on program figures provided.
- Quarter 1: Studied TypeScript and passed the quarter examination.
- Quarter 2: Studied Next.js and Tailwind CSS and passed the quarter examination.
- Quarter 3: Studied Python and Agentic AI and passed the quarter examination.
- Quarter 4: Passed the PCAO-F examination and took on an AI Mentor role; CCAO-F is a future learning goal.

EDUCATION

Intermediate — Computer Science | Government Degree Girls College Al-Noor
2026–Present

Matriculation — Computer Science | The Best Future Grammar School
2025–2026

PROBLEM-SOLVING APPROACH

Understand the problem, identify its cause, divide complex tasks into manageable steps, research and evaluate possible solutions, then implement, test and improve the chosen approach.
